Product Spotlight

Free MP Keys

Using the MP Key provides the security of a mechanical blade combined with the convenience of proximity technology. During the month of February, Medeco dealers can get 10 free MP Keys in any technology, any keyway*, and with any prox programming (*subject to existing keyway contract(s)). Many dealers are using the MP Key on their shops because it's simple to use and merges their mechanical and electronic systems. Using the MP Key demonstrates the convenience of a dual function key.

Ask your Territory Manager for more information on the free MP Key promotion. If you are a consumer, ask your local Medeco dealer for a demonstration. And, hurry, the promotion is only valid from February 1 to February 28, 2007.

Where on the Web

Now is Your Chance to Tell Us How you Really Feel...

We are currently researching redesigning Medeco.com and as a valued subscriber, we would like your opinion. We want to provide you with a chance to influence the next Medeco.com web design.

No worries... We don't have a complex or time-consuming survey for you to complete. Rather, we want to read it in your own words. So if you have a free moment, send a message to our Web Services Manager Kurt Wilhelm at webmaster@medeco.com? Let Kurt know what you like/dislike about the current site as well as what you would like to see in the next generation.

So don't just sit there! Get involved! Help us help you. Let's work together to make Medeco.com the best destination on the Web! Please respond no later than February 16, 2007.

Medeco Security Centers

New at Medeco

Retrofit Security Solutions is proud to announce the official launch of the Medeco Security Center (MSC) Program. The MSC Program is a dealer network business development program designed to create a select network of business development partners within Medeco's top dealers. Through branding, training, and marketing, MSC's can better educate their markets on the need for improved security.

Thirteen MSC's traveled to the factory in Salem, Virginia in November to attend an Owner's Training Session. MSC's learned about new products and marketing tips while sharing ideas and best practices. The Owner's Training Session was followed-up with on-site Employee Training. Medeco is continuing to add additional MSC's to the program. If you are interested in finding out more details of the MSC program, please contact your local territory manager for details.

Tech Notes

You can also go to the Cross Reference tool at www.medeco.com for complete cross reference information for all types of locks.

medeco HIGH SECURITY LOCKS Spotlight

NewsUSA Award of Merit

Two Medeco sponsored newspaper features produced in conjunction with the National Crime Prevention Council have received a NewsUSA Award of Merit. Each feature was ranked in the top 2 percent of all features for placement by nationally by NewsUSA. Remarkably, the "[Locking Doors Still Best Bet Against Burglaries](#)" feature was viewed by an estimated 71 million people in nearly 3,000 publications nationwide. The feature, "[Building or Remodeling a Home? Think Lock Security](#)" received almost 2000 placements and was view by over 36 million people. Both features mention Medeco and speak to the value of using better locks/locking technology.
